The screenshot displays the Visual Studio interface with the Local History window open. The window shows a list of commits for the 'master' branch. The commit 5702ee50 is selected, and the diff view shows the changes made in the file 'Program.cs'. The changes are highlighted in red, indicating they are being reverted. The diff view shows the following changes:

```
1 Console.WriteLine("Hello, World!");
2 // Ганиев Ильдар Равилович, Ам-1-24
3 -// Changes for the commit
```

The right sidebar shows the commit details for 5702ee50, including the message 'Revert "update Program.cs"' and the author 'Boxis3'. The bottom status bar shows the current line and column (Ln: 4, Ch: 1) and the file encoding (SPC, CRLF).
